

"Hello! Musical World"

# IMS Show

(International Music Summit)  
@Asia Specific.

International Music Summit is an educational, inspirational and motivational thought leadership platform dedicated to creating awareness of, and appreciation for, electronic music, the artistry related to DJ-ing and all related popular artforms, primarily through the presentation of summits and events that celebrate the historic and ongoing contribution of the genre to art and culture worldwide.

The Event Will be Held on 2023.04.26(SAT)~12(TUES)  
@Armada Music, National Art Museum, Netherlands.

## Main Sessions

### Piano

In collaboration with Steinway & Sons, different High standard pianos will be played by a group of worldy known pianists.

### Electric Guitar and FX

The big news on this front is that Fender (including Squier, Gretsch, Charvel and Jackson), Gibson (including Epiphone, Kramer and Mesa/Boogie) and PRS will exhibit.

### Bass Guitar

This event brings together the most intuitive bass guitar brands around, allowing them to showcase their respective new gear to their peers and the world at large.

### New Music Techs

The New Technology... "Zynaptiq's Adaptiverb", a reverb plugin that adapts its reverb-creating algorithm to your source audio using artificial intelligence was unveiled.

### Drum and Pads

NEW! V-Drums TD-27KV delivers the immersive sound and response that you only get with V-Drums. At its heart is the powerful new TD-27 sound engine, filled with premium-grade, fully customizable sounds.
